ESTIMATED FEES
ZMW 2,500

FACULTY
Faculty of Governance,
Citizenship and
International Studies

Bachelor of Arts in Governance, Leadership, and Democracy Studies introduces students to the fundamental operations of democracy and gives them opportunity to analyse the positives and negatives of different leadership styles in search of formulas for development and societal progress. Typically, this is done through a variety of courses that explore political theory, public policy, and the functioning of democratic institutions. The Bachelor of Arts in Governance, Leadership, and Democracy Studies is designed to equip students with a comprehensive understanding of the principles, practices, and challenges of governance in contemporary society. This interdisciplinary program provides students with the analytical skills and theoretical knowledge necessary to navigate and influence the complex landscape of governance and democratic processes in society.

ENTRY REQUIREMENTS

1. Grade 12 Certificate with 5 credits or Better
2. ZAQA Certificate
3. NRC

POSTGRADUATE PROGRAMMES - 1

ESTIMATED FEES
ZMW 2,800

FACULTY
Faculty of Governance,
Citizenship and
International Studies

The Master of Arts in Elections and Electoral Processes is meticulously crafted to meet this demand, offering a comprehensive array of competencies: electoral systems and reform; campaigns, media, and public opinion; election management and data analysis; integrity and security; regional and international standards; and advanced research culminating in a dissertation. Collectively, these elements equip graduates for careers in public policy, electoral administration, political consulting, academia, and civil society organizations dedicated to the principles of democratic governance.

ENTRY REQUIREMENTS

1. Degree in any field
2. Grade 12 Certificate with 5 Credits of better
3. ZAQA Certificate Required
4. ID/NRC

FEE NOTES

ZMW 14000 per semester

CACI

Professional Certificate in Anti-Corruption, Ethics and Institutional Integrity

SHORT COURSE

DURATION
6 Weeks

ESTIMATED FEES
ZMW 2,500 - 2,800

FACULTY
Faculty of Governance,
Citizenship and
International Studies

Zambia's anti-corruption architecture continues to emphasise institutional prevention, integrity committees and internal systems strengthening. This course is therefore designed as a practical anti-corruption and ethics programme rather than a purely legal lecture series.

ENTRY REQUIREMENTS

Grade 12 Credits or Better /
Prior Training & Field Experience

FEE NOTES

ZMW 3000

Faculty of Environment and Green Economy

Meeting the changing needs of the global in Environmental Innovation and Climate Change Management

ESTIMATED FEES
ZMW 3,000

FACULTY
Faculty of Environment
and Green Economy

This programme aims to serve professionals from a broad array of disciplines, including environmental education, geography, climate change, environmental management, environmental engineering, ICT and GIS, programming, teacher education, education administration and policy studies, science education, educational psychology, sociology of education, curriculum studies, and related areas. The curriculum is designed to address national, regional, and international imperatives concerning climate change mitigation, adaptation, sustainability learning, and behavioral transformation through educational approaches. Its objective is to cultivate the technical expertise, research capabilities, and practical educational competencies required by professionals across schools, higher education institutions, civil society organizations, government agencies, and development sectors, enabling them to tackle climate and environmental issues effectively through robust learning systems and community-led initiatives.

ENTRY REQUIREMENTS

1. Degree in any Science or Social Science
2. Grade 12 with Five O'Levels
3. ZAQA Certificates Required

FEE NOTES

Fees Range from K9000 to K13000 Per semester depending on Semester Load

ESTIMATED FEES
ZMW 3,000

FACULTY
Faculty of Environment
and Green Economy

Build the knowledge and practical skills needed to create safer, healthier, and more compliant workplaces. This short course introduces learners to key principles of occupational health and safety, workplace risk assessment, hazard identification, accident prevention, emergency preparedness, safety legislation, and effective safety management systems.

Designed for employees, supervisors, managers, safety representatives, and aspiring health and safety practitioners, the course equips participants with practical tools to promote a culture of safety, reduce workplace incidents, and support organisational compliance.

Ideal for: industry workers, administrators, HR officers, supervisors, contractors, entrepreneurs, and anyone seeking to strengthen workplace safety standards.

Outcome: Participants will gain practical competence in identifying risks, implementing safety controls, and supporting safer work environments across different sectors.

ENTRY REQUIREMENTS

Grade 12 Certificate with 5 Credits or Better
or
Prior Learning Experience in the field.

FEE NOTES

K5000
